

<b>Flower Glue</b>
--------------------

Edition: 1/97  
01.12.1997

Date

**1 Identification of the Substance / Preparation and the Company / Undertaking**

Product name: Flower Glue  
Previous designation:  
Chemical characterisation: Water dispersion of vinylacetate-ethylene copolymer

Company: CENTIMO BV  
STEENWIJKERVELD 21  
1424 RP DE KWAKEL  
THE NETHERLANDS

Phone No. for product safety: ++31-(0)297 531830  
info@centimo.nl

**2 Composition / information on Ingredients**

Contains no dangerous substances according to Directive 67/548/EEC.

**3 Hazard Identification** No special Hazards.

**4 First Aid Measures**

Inhalation: Move to fresh air. If you feel unwell, seek medical advice

Ventilate the premises.

Skin contact: Wash with plenty of water and soap.

Eye contact: Rinse carefully with water for at least 10 minutes.

Ingestion: Rinse mouth with water. Consult a physician, and present the safety data sheet.

**3 Fire-Fighting Measures**

Suitable extinguishing media: Foam, dry powder.

Special exposure hazards: In case of fire, wear self-contained breathing apparatus.

Do not release contaminated water into drains, soil or surface

Date

**1 Accidental Release Measures**

Personal precautions: Use gloves and protective clothing

Environmental precautions: Limit leakages with earth or sand.  
If the product escapes into a water source, into the drainage system, or contaminates the ground or vegetation, you must notify it to the competent authorities

Cleaning up: If the product is in liquid form, stop it from entering the drainage system. Recover the product for reuse if possible, or for elimination. The product can be absorbed by inert material  
After the product has been recovered, rinse the area and materials involved with water.

**7 Handling and Storage**

Avoid contact with skin and eyes  
Keep container tightly closed in a cool place (store

above 5 °C)

**3 Exposure controls / Personal protection**

Exposure limits: See other information, pos. 11 and 16

Personal hygiene measures: When using do not eat, drink or smoke. Before breaks and end

Of work wash hands and/or face.

Personal protects. Measures: Eye protection: Wear suitable face goggles.  
Skin and body protection: Handle in accordance with good

Industrial hygiene and safety practice.

**9 Physical and chemical properties**

Appearance: White liquid

Odour: Typical

<b>Flower Glue</b>

Edition

: 1/97

Date 01.12.1997

**10 Stability and Reactivity**Conditions to avoid:

Stability: Stable under normal conditions of use.

Materials to avoid: None known.

Hazard, decomp. Products: None, by normal handling and storage.

**1 Toxicological Information**

Inhalation:	N/A
Ingestion:	N/A
Skin contact:	N/A
skin contact:	N/A
Long term exposure:	No data

Toxicological information related to the product itself:

There is no data available on the product itself.  
The concentration of each substance should be born in  
mind in assessing the toxicological effects deriving from  
the preparation

These Toxicity data is based on the MSDS data of the ingredients.

**12 Ecological Information**

Specific information about the preparation itself is not available.  
The preparation does not contain dangerous substances for the environment according to 548/EC directive and further adaptation to technical progress.  
Biodegradability: there are not experimental data, but the product is expected to be only partially biodegradable.

**13 Disposal Consideration**
